Behavioral Assessment Standards for Client Dogs			
Does facility limit assessments to dogs who have been in their home for at least 2 weeks?			
Does facility document dog's social history (behavioral questionnaire) through owner interviews? Facility must submit a copy of the behavioral questionnaire with this application.			
Are assessment areas secure and provide at least two barriers to escape? Evaluator will view assessment areas during on-site evaluation.			
Are only those staff that meet the Training of Staff that Conducts Dog Interview requirements the ones conducting the behavioral assessments?			
Are new dogs introduced gradually in to the play groups? Submit an attachment describing the process of introducing new dogs.			
Does the facility have written documentation for training staff that conduct interviews? Facility must submit a copy of the staff training program for staff that conduct interviews with this application.			

Primary Staff Trainer Qualifications and Staff Training Protocols

Has the facility submitted a "Summary of Training for Primary Staff Trainer and Staff Trained to Conduct Interviews" worksheet for the Primary Staff Trainer and all staff trained to conduct interviews with this application?

For the Primary Staff Trainer and the staff trained to conduct interviews do the worksheets demonstrate that the staff have completed the minimum requirements as outlined in the Colorado Association of Dog Daycares Gold Standard Accreditation guidelines?

Note that the Evaluator may request additional support; such as certifications or letters.

Annual Pet First Aid Training

Has at least one person from the facility attended the CADD sponsored class or another approved pet first aid class in the past 12 months? Submit a copy of certification with this application.
